Verdict Form Revised May 2016.

Notes on Use

Use this verdict form in conjunction with Instruction 700.01. It is expected that each question will have its own number and they will be arranged logically and numbered in sequence. The instruction assumes all of the itemized/numbered issues are contested, and, if an issue is not contested, it should be eliminated from this verdict form.

Question number 4 should only be used if the defendant has asserted affirmative defenses.

Each issue to be decided by the jury will have a question (found in those instructions with a "V" in the number) which must be included in the single verdict form to be constructed by Court and counsel. The logical sequence of these instructions should result in a complete general verdict. The Court may consider special interrogatories which are not in conflict with these instructions. The set of instructions must end with 700.18V. A sample case with sample instructions and verdict using these instructions can be found later in this chapter.
